Our Company

Introduction

Ampal is a New York corporation founded in 1942. The mailing address of our principal executive offices is 111 Arlozorov Street, Tel Aviv, Israel 62098, and our telephone number is (866) 447-8636 or 972-3-6080100.

We primarily acquire interests in businesses located in the State of Israel or that are Israel-related. Our investment focus is principally on companies or ventures where we can exercise significant influence, on our own or with investment partners, and use our management experience to enhance those investments. An important objective of ours is to seek investments in companies that operate in Israel. In determining whether to acquire an interest in a specific company, we consider potential return on investment, growth potential, projected cash flow, quality of management, investment size and financing, and the reputation of our potential investment partners.

We invest principally in the following industry segments:

- Energy, which is comprised solely of our holdings in East Mediterranean Gas Company, S.A.E.;
- Real Estate, which is comprised of our wholly-owned subsidiaries and our investees that own, construct, or operate real estate; and
- Others, which is comprised of our other investees and holdings in various lines of businesses, including project development.

We currently have 13 employees and our subsidiaries, in total, employ approximately 293 employees.

Our Class A Stock trades on the NASDAQ Global Market under the symbol “AMPL” and, since August 8, 2006, on the Tel Aviv Stock Exchange under the symbol

Our Strategy

Our strategy is to invest opportunistically in undervalued assets with an emphasis on the following sectors: Energy, Real Estate and other various lines of business, which includes project development. We believe that past experience, current opportunities, and a deep understanding of the above-referenced sectors both within Israel and internationally will allow our management to bring high returns to our shareholders. We emphasize investments that have long-term growth potential over investments which yield only short-term returns.

We provide our investee companies with ongoing support through our involvement in our investees' strategic decisions and by introducing our investees to the financial community, investment bankers and other potential investors both in and outside of Israel.

The Securities We May Offer

We may offer shares of our Class A stock, various series of debt securities, warrants to purchase any of such securities and units with a total value of up to \$150,000,000 from time to time under this prospectus at prices and on terms to be determined by market conditions at the time of offering. This prospectus provides you with a general description of the securities we may offer. Each time we offer a type or series of securities, we will provide a prospectus supplement that will describe the specific amounts, prices and other important terms of the securities, including, to the extent applicable:

- designation or classification;
- aggregate principal amount or aggregate offering price;
- maturity;
- original issue discount, if any;
- rates and times of payment of interest, dividends or other payments, if any;
- redemption, conversion, exchange, settlement or sinking fund terms, if any;
- conversion, exchange, exercise or settlement prices or rates, if any, and, if applicable, any provisions for changes to or adjustments in the conversion, exchange, exercise or settlement prices or rates and in the securities or other property receivable upon conversion, exchange, exercise or settlement;
- ranking;
- restrictive covenants, if any;
- voting or other rights, if any; and
- important federal income tax considerations.

The prospectus supplement also may add, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus.

Risk Factors

Investment in our securities involves risk. You should carefully consider the information under "Risk Factors" in this prospectus and in the applicable prospectus supplement, and all other information included or incorporated by reference in this prospectus and any prospectus supplement before investing in our securities.

RISK FACTORS

Before you invest in our securities, you should carefully consider the risks described below, together with the other information contained in this prospectus and in the applicable prospectus supplement.

An investment in our securities involves risks and uncertainties. These risks and uncertainties could cause our actual results to differ materially from our historical results or the results contemplated by any forward-looking statements contained in this prospectus. The risks described below are not the only risks we face or that an investor in our securities faces. In addition, we may include additional risk factors in the applicable prospectus supplement. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. You should consider the following factors carefully, in addition to the other information contained in this prospectus, in our most recent Annual Report on Form 10-K, or any updates in our Quarterly Reports on Form 10-Q, and in the applicable prospectus supplement and any other information incorporated herein by reference before deciding to purchase, sell or hold our securities:

Risk Factors

Because most of the companies in which we invest conduct their principal operations in Israel, we may be adversely affected by the economic, political, social and military conditions in the Middle East.

Most of the companies in which we directly or indirectly invest conduct their principal operations in Israel. We may, therefore, be directly affected by economic, political, social and military conditions in the Middle East, including Israel's relationship with the Palestinian Authority and Arab countries. In addition, many of the companies in which we invest are dependent upon materials imported from outside of Israel. We also have interests in companies that export significant amounts of products from Israel. Our existing 12.5% stake in East Mediterranean Gas Company, an Egyptian joint stock company, represents a substantial portion of our investment portfolio and may be particularly sensitive to conditions in the Middle East. Accordingly, our operations could be materially and adversely affected by acts of terrorism or if major hostilities should continue or occur in the future in the Middle East or trade between Israel and its present trading partners should be curtailed, including as a result of acts of terrorism in the United States. Any such effects may impact our value and the value of our investee companies.

During the summer of 2006, Israel was engaged in a military conflict with the Hizballa movement (an extreme anti-Israeli organization) in Lebanon. This conflict was the most violent outbreak of hostilities in which Israel has been involved during the past several years. This situation had an adverse effect on the economy, primarily in the relevant geographic areas. Although we do not believe that this situation has had a material adverse effect on our business or financial condition, if such situation resumes and/or escalates, the adverse economic effect may deepen and spread to additional areas and may materially adversely affect the Company and its subsidiaries' business and financial condition.

The SEC may re-examine, suspend or modify our exemption from the Investment Company Act of 1940, as amended.

In 1947, the SEC granted us an exemption from the Investment Company Act of 1940, as amended (the "1940 Act"), pursuant to an exemptive order. The exemptive order was granted based upon the nature of our operations, the purposes for which we were organized, which have not changed, and the interest of purchasers of our securities in the economic development of Israel. There can be no assurance that the SEC will not re-examine the exemptive order and revoke, suspend or modify it. A revocation, suspension or material modification of the exemptive order could materially and adversely affect us unless we were able to obtain other appropriate exemptive relief. In the event that we become subject to the provisions of the 1940 Act, we could be required, among other matters, to make changes, which might be material, to our management, capital structure and methods of operation, including our dealings with principal shareholders and their related companies.

As most of our investee companies conduct business outside of the United States, we are exposed to foreign currency and other risks.

We are subject to the risks of doing business outside the U.S., including, among other risks, foreign currency exchange rate risks, changes in interest rates, equity price changes of our investee companies, import restrictions, anti-dumping investigations, political or labor disturbances, expropriation and acts of war. No assurances can be given that we will be protected from future changes in foreign currency exchange rates that may impact our financial condition or performance.

Foreign securities or illiquid securities in our portfolio involve higher risk and may subject us to higher price volatility. Investing in securities of foreign issuers involves risks not associated with U.S. investments, including settlement risks, currency fluctuations, local withholding and other taxes, different financial reporting practices and regulatory standards, high costs of trading, changes in political conditions, expropriation, investment and repatriation restrictions, and settlement and custody risks.

Changes in accounting standards and taxation requirements could affect our financial results.

New accounting standards or pronouncements that may become applicable to the Company from time to time, or changes in the interpretation of existing standards and pronouncements, could have a significant effect on our reported results for the affected periods. We are also subject to income tax in the numerous jurisdictions in which we generate revenues. Increases in income tax rates could reduce our after-tax income from affected jurisdictions.

We have had a history of losses which may ultimately compromise our ability to implement our business plan.

We have had losses in four of the past five fiscal years. The net loss for 2005 was approximately \$6.0 million. We will continue to make investments opportunistically and to divest ourselves from certain assets which we believe lack growth potential. However, if we are not able to generate sufficient revenues or we have insufficient capital resources, we will not be able to implement our business plan of investing in, and growing, companies with strong long-term growth prospectus and investors will suffer a loss in their investment. This may result in a change in our business strategies.

The loss of key executives could cause our business to suffer.

Yosef A. Maiman, the Chairman of our board of directors, President & CEO, and other key executives have been key to the success of our business to date. The loss or retirement of such key executives and the concomitant loss of leadership and experience that would occur could adversely affect us.

We are controlled by a group of investors, which includes Yosef A. Maiman, our Chairman, and this control relationship could discourage attempts to acquire us.

On January 10, 2007, Yosef A. Maiman, our Chairman, Ohad Maiman, Noa Maiman, and Yoav Maiman, and the companies Merhav (M.N.F.) Limited, De Majorca Holdings Ltd. and Di-Rapallo Holdings Ltd. (each an Israeli company) formed a “group” (as defined under Rule 13d-5(b)(1) of the Securities Exchange Act of 1934, as amended) which beneficially owns approximately 65.2% of the voting power of our Class A Stock. The group was formed in recognition of the Maiman family’s strong connection with the Company and in furtherance of the group’s common goals and objectives as shareholders, including the orderly management and operation of the Company. By virtue of its ownership of Ampal, this group is able to control our affairs and to influence the election of the members of our board of directors. This group also has the ability to prevent or cause a change in control of Ampal.

Mr. Maiman owns 100% of the economic shares and one-quarter of the voting shares of De Majorca and Di-Rapallo. Merhav (M.N.F.) Limited is wholly owned by Mr. Maiman.

Because we are a “controlled company,” we are exempt from complying with certain NASDAQ listing standards.

Because a group of investors who are acting together pursuant to an agreement hold more than 50% of the voting power of our Class A Stock, we are deemed to be a “controlled company” under the rules of NASDAQ. As a result, we are exempt from the NASDAQ rules that require listed companies to have (i) a majority of independent directors on the board of directors, (ii) a compensation committee and nominating committee composed solely of independent directors, (iii) the compensation of executive officers determined by a majority of the independent directors or a compensation committee composed solely of independent directors and (iv) a majority of the independent directors or a nominating committee composed solely of independent directors elect or recommend director nominees for selection by the board of directors. Accordingly, our directors who hold management positions or who are otherwise not independent have greater influence over our business and affairs.

We do not publish the value of our assets.

It is our policy not to publish the value of our assets or our views on the conditions of or prospects for our investee companies. To the extent the value of our ownership interests in our investee companies were to experience declines in the future, our performance would be adversely impacted.

We do not typically pay cash dividends on our Class A Stock.

We have not paid a dividend on our Class A Stock other than in 1995. Past decisions not to pay cash dividends on Class A Stock reflected our policy to apply retained earnings, including funds realized from the disposition of holdings, to finance our business activities and to redeem or repay our outstanding debt, including our \$58,000,000 unsecured debentures on which principal payments commence in 2011. The payment of cash dividends in the future will depend upon our operating results, cash flow, working capital requirements and other factors we deem pertinent.

The market price per share of our Class A Stock on Nasdaq and TASE fluctuates and has traded in the past at less than our book value per share.

Stock prices of companies, both domestically and abroad, are subject to fluctuations in trading price. Therefore, as with company like ours that invests in stocks of other companies, our book value and market price will fluctuate, especially in the short term. As of February 26, 2007 the market price on Nasdaq was \$4.63 per share. However our shares have in the past traded below book value. You may experience a decline in the value of your investment and you could lose money if you sell your shares at a price lower than you paid for them.

Our Class A Stock may not be liquid.

Our Class A Stock is currently traded on Nasdaq and the TASE. The trading volume of our Class A Stock may be adversely affected due to the limited marketability of our Class A Stock as compared to other companies listed on Nasdaq and the TASE. Accordingly, any substantial sales of our Class A Stock may result in a material reduction in price of our Class A Stock because relatively few buyers may be available to purchase our Class A Stock.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical consolidated ratio of earnings to fixed charges for the periods indicated:

	For 9 months ended, September 30, 2006	Fiscal Year				
		2005	2004	2003	2002	2001
Ratio of Earnings to Fixed Charges	3.12:1	(0.62:1)	(5.86:1)	3.58:1	(3.3:1)	2.47:1

“Earnings” consist of consolidated income (loss) from continuing operations (including dividends from less than 50% owned affiliates) before income taxes, equity in earning of affiliates, and minority interests. The ratio of earning to fixed charges represents the number of times “fixed charges” are covered by “earnings.”

CAUTIONARY STATEMENT CONCERNING FORWARD LOOKING INFORMATION

This prospectus includes forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) and information relating to us that are based on the beliefs of our management as well as assumptions made by and information currently available to our management. We may also from time to time make forward-looking statements in our reports to the SEC on Form 10-K, Form 10-Q and Form 8-K, in our annual report to shareholders, in prospectuses, in press releases and other written materials, and in oral statements made by our officers, directors or employees to analysts, institutional investors, representatives of the media and others. When used in this prospectus, the words “anticipate,” “believe,” “estimate,” “expect,” “intend,” “plan,” and similar expressions, as they relate to us or our management, identify forward-looking statements. Such statements reflect our current views with respect to future events or our future financial performance, the outcome of which is subject to certain risks and other factors which could cause actual results to differ materially from those anticipated by the forward-looking statements, including among others, the economic and political conditions in Israel or the Middle East, in the global business and economic conditions in the different sectors and markets where our portfolio companies operate and other risks detailed in our SEC filings.

SHOULD ANY OF THOSE RISKS OR UNCERTAINTIES MATERIALIZE, OR SHOULD UNDERLYING ASSUMPTIONS PROVE INCORRECT, ACTUAL RESULTS OR OUTCOME MAY VARY FROM THOSE DESCRIBED THEREIN AS ANTICIPATED, BELIEVED, ESTIMATED, EXPECTED, INTENDED OR PLANNED. SUBSEQUENT WRITTEN AND ORAL FORWARD-LOOKING STATEMENTS ATTRIBUTABLE TO US OR PERSONS ACTING ON OUR BEHALF ARE EXPRESSLY QUALIFIED IN THEIR ENTIRETY BY THE CAUTIONARY STATEMENTS IN THIS PARAGRAPH AND ELSEWHERE DESCRIBED IN THIS PROSPECTUS AND OTHER DOCUMENTS. THE COMPANY ASSUMES NO OBLIGATION TO UPDATE OR REVISE ANY FORWARD-LOOKING STATEMENTS.

USE OF PROCEEDS

We will retain broad discretion over the use of the net proceeds from the sale of any of these securities. Unless we indicate otherwise in a prospectus supplement, we intend to use the net proceeds from the sale of any securities offered by this prospectus for general corporate purposes, which may include, among others, the following:

- repaying debt,
- making capital investments,
- funding working capital requirements, and
- funding possible acquisitions and investments.

Before we use the proceeds for these purposes, we may invest them in short term investments.

New York Anti-Takeover Law

We are subject to the provisions of Section 912 of the New York Business Corporation Law, or BCL, which prohibits certain business combinations with interested shareholders and prevents certain persons from making a takeover bid for a New York corporation unless certain prescribed requirements are satisfied. Section 912 of the BCL defines an “interested shareholder” as any person that:

- is the beneficial owner of 20% or more of the outstanding voting stock of a New York corporation, or
- is an affiliate or associate of the corporation and at any time during the prior five years was the beneficial owner, directly or indirectly, of 20% or more of the corporation’s then outstanding voting stock.

Section 912 of the BCL provides that a New York corporation may not engage in a business combination, such as a merger, consolidation, recapitalization or disposition of stock, with any interested shareholder for a period of five years from the date that such person first became an interested shareholder unless the business combination was first approved by the board of directors prior to date such person became an interested shareholder.

Additionally, a New York corporation may not engage at any time in any business combination with an interested shareholder unless:

- the business combination is approved by the board of directors prior to the date such person first became an interested shareholder,
- the business combination is approved by the holders of a majority of the outstanding voting stock not beneficially owned by the interested shareholder at a meeting of shareholders occurring no earlier than five years after such person first became an interested shareholder, or
- the consideration to be paid to all of the shareholders in connection with the business combination is at least equal to the greater of (i) the price paid by the interested shareholder for the interest in the corporation or (ii) the market value of the stock of the corporation equal to the greater of its value when acquired by the interested shareholder or when the announcement of the business combination was made.

The effect of Section 912 of the BCL may be to delay or prevent the consummation of a transaction which is favored by a majority of shareholders.

Limitation of Liability of Directors

Section 402(b) of the BCL permits a New York corporation to include in its certificate of incorporation a provision eliminating the potential monetary liability of a director to the corporation or its shareholders for breach of fiduciary duty as a director, provided that such provision shall not eliminate the liability of a director (i) for any breach of the director’s duty of loyalty to the corporation or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for improper payment of dividends, or (iv) for any transaction from which the director receives an improper personal benefit. Our certificate of incorporation provides that our directors shall not be liable to us or our shareholders for a breach of their duties to the fullest extent in which elimination or limitation of the liability of directors are permitted by the BCL.

Indemnification of Officers and Directors

Our By-laws contain provisions requiring indemnification of our directors and officers to the fullest extent authorized by the laws and statutes of the State of New York. Our By-laws require us to indemnify any person by reason of the fact that such person, his testator, or intestate is or was a director or officer of Ampal against any reasonable expenses (including attorneys' fees), actually and necessarily incurred by him in connection with any action or proceeding (or any appeal therein) brought (or threatened to be brought) by third parties except if such person breached his duty to us. The By-laws require us to indemnify any person by reason of the fact that such person, his testator or intestate is or was a director or officer of Ampal against any and all judgments, fines, amounts paid in settlement, and reasonable expenses (including attorney's fees) actually and necessarily incurred by him in connection with any action or proceeding (or any appeal therein) brought (or threatened to be brought) by third parties including, without limitation, one by or in the right of any other corporation which such person served in any capacity at our request, if such person acted in good faith, for a purpose which he believed to be in our best interests, and in criminal actions or proceedings in which he had no reasonable cause to believe that his conduct was unlawful. Our By-laws further provide that indemnification for expenses as described above may be paid in advance of the final disposition of such action or proceeding in the manner authorized by the laws and statutes of the State of New York subject to repayment by the person, his testator or intestate, to the extent such advances exceed the indemnification to which such person is entitled or if such person is ultimately found not entitled to indemnification under the laws and statutes of the State of New York.

Effective January 29, 2007, we purchased a Directors and Officers Liability Policies in the aggregate amount of \$35,000,000 issued by XL Specialty Insurance Company. The cost of the policies, which expire January 29, 2008, was \$575,000.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, and controlling persons of registrant pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which the general provisions described below may apply to those securities will be described in the applicable prospectus supplement. We may also sell hybrid securities that combine certain features of debt securities and other securities described in this prospectus. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

General

The debt securities that we offer will be either senior debt securities or subordinated debt securities. We will issue senior debt securities under an indenture, which we refer to as the senior indenture, to be entered into between us and the trustee named in the applicable prospectus supplement. We will issue subordinated debt securities under a different indenture, which we refer to as the subordinated indenture, to be entered into between us and the trustee named in the applicable prospectus supplement. We refer to both the senior indenture and the subordinated indenture as the indentures and each, individually, as an indenture. We refer to each of the trustees under the indentures as a trustee.

The indentures provide that the debt securities that we offer and any of the Company's additional debt securities may be issued from time to time in one or more series under the applicable indenture. The indentures may be supplemented (including by an officer's certificate of an officer of the Company) or amended as necessary to set forth the terms of the debt securities issued under the indentures. Material terms of the debt securities and the indentures are set forth below. You should read the indentures, including any supplements (including any such officer's certificates) or amendments, carefully to fully understand the terms of the debt securities. The forms of the indentures have been filed as exhibits to the registration statement of which this prospectus is a part. The indentures are subject to, and are governed by, the Trust Indenture Act of 1939, as amended. You should refer to the Trust Indenture Act for provisions that apply to the debt securities. Any supplemental indentures or officer's certificates will be filed with the SEC on a Form 8-K or by a post-effective amendment to the registration statement of which this prospectus is part.

The senior debt securities will be unsubordinated obligations of the Company. They will be unsecured and will rank equally with each other and all of our other unsubordinated, unsecured debt, unless otherwise indicated in the applicable prospectus supplement. The subordinated debt securities will be subordinated in right of payment to the prior payment in full of our senior debt. See “Subordination of Subordinated Debt Securities.” The subordinated debt securities will be unsecured and will rank equally with each other, unless otherwise indicated in the applicable prospectus supplement. We will indicate in each applicable prospectus supplement, as of the most recent practicable date, the aggregate amount of our outstanding debt that would rank senior to the subordinated debt securities.

Unless otherwise provided in the prospectus supplement relating to any debt securities, the debt securities will not constitute obligations of our subsidiaries. Creditors of our subsidiaries are entitled to a claim on the assets of those subsidiaries. Consequently, in the event of a liquidation or reorganization of any subsidiary, creditors of the subsidiary are likely to be paid in full before any distribution is made to the Company and holders of debt securities, except to the extent that the Company is itself recognized as a creditor of such subsidiary, in which case the Company’s claims would still be subordinate to any security interests in the assets of such subsidiary and any debt of such subsidiary senior to that held by the Company.

The amount of debt securities that can be issued under the indentures will be limited to a total \$150,000,000 and the indentures provide that debt securities of any series may be issued thereunder up to the aggregate principal amount that we may authorize from time to time.

The indentures do not limit the amount of other indebtedness or securities that we may issue.

We may issue debt securities of the same series at more than one time and, unless prohibited by the terms of the series, we may “reopen” a series and issue additional debt securities of that series, without the consent of the holders of the outstanding debt securities of that series.

A prospectus supplement and an officer’s certificate or a supplemental indenture relating to any series of debt securities being offered will include specific terms relating to that offering. These terms will include some or all of the following terms that apply to that series:

- The title of the debt securities;
- Any limit upon the total principal amount of the debt securities;
- The dates, or the method to determine these dates, on which the principal of the debt securities will be payable and how it will be paid;
- The interest rate or rates, if any, which the debt securities will bear, or how the rate or rates will be determined, the interest payment dates for the debt securities and the regular record dates for interest payments;
- Any right to delay the interest payments for the debt securities;
- The percentage, if less than 100%, of the principal amount of the debt securities that will be payable if the maturity of the debt securities is accelerated;

- Any date or dates on which the debt securities may be redeemed at the option of the Company and the price or prices at which, and the conditions upon which, such debt securities may be redeemed;
- Any sinking fund or other provisions that would obligate the Company to repurchase or otherwise redeem the debt securities;
- Any additions to the events of default under the indentures or additions to the covenants of the Company under the indentures for the benefit of the holders of the debt securities;
- If the debt securities will be issued in denominations other than multiples of \$1,000;
- If payments on the debt securities may be made in a currency or currencies other than United States dollars;
- Any rights or duties of another entity to assume the obligations of the Company with respect to the debt securities;
- Any collateral, security, assurance or guarantee for the debt securities;
- Any terms pursuant to which the debt securities may be converted into or exchanged for ordinary shares or other securities of the Company or any other entity;
- Any requirement to pay additional amounts for withholding or deducting taxes or other governmental charges and, if applicable, any related right to optionally redeem such a series rather than pay such additional amounts or otherwise;
- Any trustees or agents for the debt securities, including depositaries, authenticating agents, paying agents, transfer agents or registrars;
- The ranking of such debt securities as senior debt securities or subordinated debt securities;
- Whether the debt securities will be represented in whole or in part by one or more global securities registered in the name of a depositary or its nominee and provisions relating to any such global securities;
- The place or places where the principal of and interest, if any, on the debt securities will be payable;
- The place or places where the debt securities may be registered or transfer or exchanged; and
- Any other terms of the debt securities not inconsistent with the terms of the applicable indenture.

We may sell debt securities at a discount below their principal amount. United States federal income tax considerations applicable to debt securities sold at an original issue discount or other special considerations applicable to original issue discount securities may be described in the prospectus supplement. In addition, important United States federal income tax or other tax considerations applicable to any debt securities denominated or payable in a currency or currency unit other than United States dollars may be described in the prospectus supplement.

The Company may, at any time and from time to time, purchase any outstanding debt securities by tender, in the open market or by private agreement, provided that it complies with United States federal securities laws and any other applicable laws.

We will comply with Section 14(e) under the Exchange Act, to the extent applicable, and any other tender offer rules under the Exchange Act which may then be applicable, in connection with any obligation to purchase debt securities at the option of the holders thereof. Any such obligation applicable to a series of debt securities will be described in the prospectus supplement relating thereto.

Unless otherwise described in a prospectus supplement relating to any debt securities, there are no covenants or provisions contained in the indentures that may afford the holders of debt securities protection in the event that we enter into a highly leveraged transaction.

The statements made hereunder relating to the indentures and the debt securities are summaries of certain provisions thereof and do not purport to be complete and are qualified in their entirety by reference to all provisions of the indentures and the debt securities.

References in this “DESCRIPTION OF DEBT SECURITIES” to:

- “debt securities” refers to debt securities of any and all series outstanding under the indentures as the context shall require;
- “interest” payable in respect of the debt securities of any series or tranche means the rate or rates of interest, if any, established for such debt securities under the indenture;
- “additional amounts” means any additional amounts as described above or any other additional amounts in all cases as may be established for a series of debt securities under the indenture.

Form of Debt Securities

Unless otherwise provided in the prospectus supplement relating to any debt securities, the debt securities may be issued only in fully registered form in minimum denominations of \$1,000 and any integral multiple thereof. Additionally, the debt securities may be represented in whole or in part by one or more global notes registered in the name of a depository or its nominee and, if so represented, interests in such global note will be shown on, and transfers thereof will be effected only through, records maintained by the designated depository and its participants.

Payment and Paying Agents

Unless otherwise provided in the prospectus supplement relating to any debt securities, principal, interest and premium, if any, will be payable at the office or offices or agency we maintain for such purposes, provided that payment of interest on the debt securities may be paid at our election at such place by check mailed to the persons entitled thereto at the addresses of such persons appearing on the security register. Interest on the debt securities will be payable on any interest payment date to the persons in whose name the debt securities are registered at the close of business on the record date for such interest payment. However, interest payable at maturity will be paid to the person to whom the principal is paid. If there has been a default in the payment of interest on any debt securities, the defaulted interest may be paid to the holder of that debt security as of the close of business on a date between 10 to 15 days before the date proposed by us for payment of such defaulted interest or in any other manner permitted by any securities exchange on which that debt security may be listed, if the trustee finds it workable.

We may change the place of payment on the debt securities, appoint one or more additional paying agents and remove any paying agent, all at our discretion.

Registration and Transfer

Unless otherwise provided in the prospectus supplement relating to any debt securities, the debt securities may be registered, and the debt securities may be exchanged for an equal aggregate principal amount of debt securities of the same series or tranche of authorized denominations, upon surrender of the debt securities at the office or offices or agency of the Company maintained for such purpose and upon fulfillment of all other requirements of such agent. Unless otherwise provided for in the prospectus supplement, no service charge will be made for any registration of transfer or exchange of the debt securities, but we may require payment of an amount sufficient to cover any tax or other governmental charge payable in connection therewith.

We will not be required to execute or to provide the registration of transfer or the exchange of:

- any debt securities during the 15 days before an interest payment date
- any debt securities during the 15 days before giving any notice of redemption, or
- any debt securities selected for redemption except the unredeemed portion of any note issued under the indentures being redeemed in part.

Events of Default

An event of default with respect to the debt securities of any series is defined in the indentures as:

- (1) default in the payment of any installment of interest upon any of the debt securities of such series as and when the same shall become due and payable, and continuance of such default for a period of 30 days;
- (2) default in the payment of all or any part of the principal of any of the debt securities of such series as and when the same shall become due and payable either at maturity, upon any redemption, by declaration or otherwise;
- (3) default in the performance, or breach, of any other covenant or warranty contained in the debt securities of such series or set forth in the applicable indenture (other than a covenant or warranty included in the applicable indenture solely for the benefit of one or more series of debt securities other than such series) and continuance of such default or breach for a period of 90 days after notice by the trustee or by the holders of at least 25% in principal amount of the outstanding securities of such series as provided in the applicable indenture;
- (4) certain events of bankruptcy, insolvency or reorganization of the Company.

Additional events of default may be added for the benefit of holders of a series of debt securities which, if added, will be described in the prospectus supplement relating to such debt securities.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under the indentures.

The indentures provide that the trustee shall notify the holders of debt securities of each series of any continuing default known to the trustee which has occurred with respect to such series within 90 days after the occurrence thereof. The indentures provide that notwithstanding the foregoing, except in the case of default in the payment of the principal of, or interest or premium, if any, on any of the debt securities of such series, the trustee may withhold such notice if the trustee in good faith determines that the withholding of such notice is in the interests of the holders of debt securities of such series.

Remedies

The indentures provide that if an event of default with respect to any series of debt securities shall have occurred and be continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of debt securities of such series then outstanding may declare the principal amount of all debt securities of such series to be due and payable immediately.

At any time after a declaration of acceleration with respect to the debt securities of a particular series has been made and before a judgment or decree for payment of the money due has been obtained by a trustee, the event of default under the indentures giving rise to the declaration of acceleration will be considered waived, and the declaration and its consequences will be considered rescinded and annulled, if:

- The Company has paid or deposited with the trustee a sum sufficient to pay:

- (1) all overdue interest and additional amounts, if any on all debt securities of that series;
 - (2) the principal of and premium, if any, on any debt securities of that series that have otherwise become due and interest that is currently due;
 - (3) interest on overdue interest or additional amounts, if any; and
 - (4) all amounts due to the trustee under the applicable indenture; and
- Any other event of default under the applicable indenture with respect to the debt securities of that series has been cured or waived as provided in such indenture.

There is no automatic acceleration, even in the event of bankruptcy, insolvency or reorganization of the Company.

Other than its duties in case of an event of default under the indentures, the trustee is not obligated to exercise any of its rights or powers under the indentures at the request, order or direction of any of the holders, unless the holders offer the trustee a reasonable indemnity. If they provide this reasonable indemnity, the holders of a majority in principal amount of any series of debt securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any power conferred upon the trustee. However, if the event of default under the indentures relates to more than one series of debt securities, only the holders of a majority in aggregate principal amount of all affected series of debt securities, considered as one class, will have the right to give this direction. The trustee is not obligated to comply with directions that conflict with law or other provisions of the indentures, and subject to certain other limitations.

No holder of debt securities of any series will have any right to institute any proceeding under the indentures, or any remedy under the indentures, unless:

- The holder has previously given to the trustee written notice of a continuing event of default under the indentures;
- The holders of a majority in aggregate principal amount of the outstanding debt securities of all series in respect of which an event of default under the indentures has occurred and is continuing have made a written request to the trustee, and have offered reasonable indemnity to the trustee to institute proceedings; and
- The trustee has failed to institute any proceeding for 60 days after notice and has not received during such period any direction from the holders of a majority in aggregate principal amount of the outstanding debt securities of all series in respect of which an event of default under the indentures has occurred and is continuing, inconsistent with the written request of holders referred to above.

However, these limitations do not apply to a suit by a holder of a debt security for payment of the principal of, or premium, if any, or interest or additional amounts, if any, on the debt security on or after the applicable due date.

The indentures require that we file annually with the trustee a certificate as to compliance with our covenants contained in the indentures.

Consolidation, Merger and Sale of Assets

Under the terms of the indentures, the Company may not consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity, unless:

- The entity formed by such consolidation or into which the Company is merged or the person or entity which acquires by conveyance or transfer, or which leases, the properties and assets of the Company substantially as an entirety shall expressly assume the Company's obligations on all debt securities and under the applicable indenture;

- Immediately after giving effect to the transaction, no event of default under the applicable indenture, or event which, after notice or lapse of time or both, would become an event of default under the applicable indenture, shall have occurred and be continuing; and
- The Company shall have delivered to the trustee an officer's certificate and an opinion of counsel as provided in the applicable indenture.

Upon any such consolidation, merger, conveyance or transfer effected in accordance with the foregoing indenture terms, the Company will be relieved of all of its obligations under the applicable indenture and the applicable debt securities, except in the case of a lease.

The terms of the indentures do not restrict:

- The Company in a merger in which the Company is the surviving entity;
- Any conveyance, transfer or lease of any part of the properties of the Company which does not constitute conveyance, transfer or lease of its properties and assets substantially as an entirety; or
- The approval or consent of the Company to any consolidation or merger of any direct or indirect subsidiary or affiliate of the Company, or any conveyance, transfer or lease by any subsidiary or affiliate of any of its assets.

Modification without Consent of Holders

Without the consent of any holder of debt securities issued under an indenture, the Company and the trustee may enter into one or more supplemental indentures for any of the following purposes:

- To evidence the assumption by any permitted successor of the covenants of the Company in the applicable indenture and in the debt securities;
- To evidence the addition of any guarantor for the benefit of the holders, or the release or substitution of any guarantor in accordance with the provisions of the applicable indenture or the debt securities;
- To add one or more covenants or other provisions for the benefit of the holders of all or any series or tranche of debt securities or to surrender any right or power conferred upon the Company under the applicable indenture;
- To add additional events of default under the indentures for all or any series of debt securities;
- To change or eliminate or add any provision to the indentures; provided, however, if the change will adversely affect the interests of the holders of debt securities of any series in any material respect, the change, elimination or addition will become effective only:
 - (1) when the consent of the holders of debt securities of such series has been obtained in accordance with the indentures; or
 - (2) when no debt securities of the affected series remain outstanding under the indentures;
- To provide collateral security for all but not part of the debt securities;
- To establish the form or terms of debt securities of any other series as permitted by the indentures;
- To provide for the authentication and delivery of bearer securities with or without coupons;

- To evidence and provide for the acceptance of appointment by a separate or successor trustee or co-trustee;
- To provide for the procedures required for use of a noncertificated system of registration for the debt securities of all or any series;
- To change any place where principal, premium, if any, and interest and additional amounts, if any, shall be payable, debt securities may be surrendered for registration of transfer or exchange and notices to the Company may be served; or
- To cure any ambiguity or inconsistency, or to correct or supplement any provision in an indenture that may be defective or inconsistent with any other provision in that indenture.

Modification and Waiver with Consent of Holders

The holders of at least a majority in aggregate principal amount of the debt securities of all series then outstanding to which certain restrictive provisions contained or provided for in an indenture apply, considered as one class, may waive compliance by the Company with such provisions. The holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive any past default under an indenture with respect to that series, except a default in the payment of principal, premium, if any, or interest or additional amounts, if any, and certain covenants and provisions of an indenture that cannot be modified or be amended without the consent of the holder of each outstanding debt security of any series affected.

The consent of the holders of a majority in aggregate principal amount of the debt securities of all series then outstanding, considered as one class, is required for all other modifications to an indenture. However, if less than all of the series of debt securities outstanding are directly affected by a proposed supplemental indenture, then the consent only of the holders of a majority in aggregate principal amount of the outstanding debt securities of all series that are directly affected, considered as one class, will be required. No such amendment or modification may:

- Change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or reduce the principal amount of any debt security or its rate of interest or change the method of calculating that interest rate or reduce any premium payable upon redemption, or change any of the Company's obligations to pay additional amounts, or change the currency in which payments are made, or impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any debt security, without the consent of the holder;
- Reduce the percentage in principal amount of the outstanding debt securities of any series the consent of the holders of which is required for any supplemental indenture or any waiver of compliance with a provision of the indentures or any default thereunder and its consequences, or reduce the requirements for quorum or voting, without the consent of all the holders of the debt securities of that series; or
- Modify some of the provisions of an indenture relating to supplemental indentures, waivers of some covenants and waivers of past defaults with respect to the debt securities of any series, without the consent of the holder of each outstanding debt security affected by such modifications.

A supplemental indenture that changes an indenture solely for the benefit of one or more particular series of debt securities, or modifies the rights of the holders of debt securities of one or more series, will not affect the rights under that indenture of the holders of the debt securities of any other series.

The indentures provide that debt securities owned by the Company or anyone else required to make payment on the debt securities or their respective affiliates shall be disregarded and considered not to be outstanding in determining whether the required holders have given a request or consent.

We may fix in advance a record date to determine the required number of holders entitled to give any request, demand, authorization, direction, notice, consent, waiver or other such act of the holders, but we shall have no obligation to do so. If we fix a record date, that request, demand, authorization, direction, notice, consent, waiver or other act of the holders may be given before or after that record date, but only the holders of record at the close of business on that record date will be considered holders for the purposes of determining whether holders of the required percentage of the outstanding debt securities have authorized or agreed or consented to the request, demand, authorization, direction, notice, consent, waiver or other act of the holders. For that purpose, the outstanding debt securities shall be computed as of the record date. Any request, demand, authorization, direction, notice, consent, election, waiver or other act of a holder of any debt security will bind every future holder of that debt security and the holder of every debt security issued upon the registration of transfer of or in exchange for that debt security. A transferee will also be bound by acts of the trustee or the Company in reliance thereon, whether or not notation of that action is made upon the debt security.

Defeasance, Satisfaction and Discharge

The Company will be discharged from its payment obligations with respect to the debt securities of a particular series if it irrevocably deposits with the trustee or any paying agent, other than the Company, sufficient cash or government securities or combination thereof to pay the principal, interest, any premium and any other sums when due on the stated maturity date or a redemption date of that series of debt securities.

The prospectus supplement may further describe these or other provisions, if any, permitting defeasance and satisfaction and discharge with respect to the debt securities of a particular series.

Subordination of Subordinated Debt Securities

The senior debt securities will constitute part of our Senior Indebtedness (as defined below) and will rank *pari passu* with all outstanding senior debt. Except as set forth in the related prospectus supplement, the subordinated debt securities will be subordinated and junior in right of payment to all Senior Indebtedness of the Company, including the senior debt securities. No payment of the principal of the subordinated debt securities (including redemption and sinking fund payments), or interest on the subordinated debt securities may be made until all amounts due to holders of Senior Indebtedness have been paid, if any of the following occurs:

- Specified events of bankruptcy, insolvency or reorganization of the Company;
- Any Senior Indebtedness is not paid when due and that default continues without waiver;
- Any other default has occurred and continues without waiver pursuant to which the holders of Senior Indebtedness are permitted to accelerate the maturity of the Senior Indebtedness; or
- The maturity of any series of subordinated debt securities under the subordinated indenture has been accelerated under the subordinated indenture and such acceleration has not been rescinded or annulled.

Senior Indebtedness is defined in the subordinated indenture to include all notes and other obligations, including guarantees of the Company, for borrowed money unless by its terms it is not superior in right of payment to or is equal in right of payment to the subordinated debt securities.

Upon any distribution of the Company's assets to creditors in connection with any insolvency, bankruptcy or similar proceeding, all principal of, and premium, if any, and interest due or to become due on all Senior Indebtedness must be paid in full before the holders of the subordinated debt securities are entitled to receive or retain any payment.

This subordination will not prevent the occurrence of any event of default with respect to the subordinated debt securities. There is no limitation on the issuance of additional Senior Indebtedness in the subordinated indenture.

Resignation of a Trustee

A trustee may resign at any time by giving written notice to us or may be removed at any time by act of the holders of a majority in principal amount of all series of debt securities then outstanding delivered to such trustee and us. No resignation or removal of a trustee and no appointment of a successor trustee will be effective until the acceptance of appointment by a successor trustee.

Notices

Notices to holders of debt securities will be given by mail to the addresses of such holders as they may appear in the security register for debt securities.

Title

The Company, each trustee, and any agent of the Company or a trustee, may treat the person in whose name any debt security is registered as the absolute owner of that debt security, whether or not such debt security may be overdue, for the purpose of making payments and for all other purposes, irrespective of notice to the contrary.

Governing Law

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt or equity securities or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies, in which the price of such warrants will be payable;
- the securities purchasable upon exercise of such warrants;
- the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the designation and terms of the securities with which such warrants are issued and the number of such warrants issued with each such security;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;

- information with respect to book-entry procedures, if any;
- any material Israeli and U.S. federal income tax consequences;
- the antidilution provisions of the warrants; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

DESCRIPTION OF UNITS

We may, from time to time, issue units comprised of one or more of the other securities that may be offered under this prospectus, in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time, or at any time before a specified date.

Any applicable prospectus supplement will describe:

- the material terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any material provisions relating to the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and
- any material provisions of the governing unit agreement that differ from those described above.

PLAN OF DISTRIBUTION

We may sell the Class A stock, debt securities, warrants or units, (together referred to as “our securities”) in any one or more of the following ways from time to time:

- to or through underwriters;
- to or through dealers;
- through agents; or
- directly to purchasers, including our affiliates.

The prospectus supplement with respect to any offering of our securities will set forth the terms of the offering, including:

- the name or names and addresses of any underwriters, dealers or agents;
- the purchase price of the securities and the proceeds to us from the sale;
- any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation; and
- any delayed delivery arrangements.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

If securities are sold by means of an underwritten offering, we will execute an underwriting agreement with an underwriter or underwriters, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the prospectus supplement which will be used by the underwriters to sell the securities. If underwriters are utilized in the sale of the securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale.

Our securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters. If any underwriter or underwriters are utilized in the sale of the securities, unless otherwise indicated in the prospectus supplement, the underwriting agreement will provide that the obligations of the underwriters are subject to conditions precedent and that the underwriters with respect to a sale of securities will be obligated to purchase all of those securities if they purchase any of those securities.

We may grant to the underwriters options to purchase additional securities to cover over-allotments, if any, at the public offering price with additional underwriting discounts or commissions. If we grant any over-allotment option, the terms of any over-allotment option will be set forth in the prospectus supplement relating to those securities.

If a dealer is utilized in the sales of securities in respect of which this prospectus is delivered, we will sell those securities to the dealer as principal. The dealer may then resell those securities to the public at varying prices to be determined by the dealer at the time of resale. Any reselling dealer may be deemed to be an underwriter, as the term is defined in the Securities Act of the securities so offered and sold. The name of the dealer and the terms of the transaction will be set forth in the related prospectus supplement.

Offers to purchase securities may be solicited by agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to the agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a reasonable best efforts basis for the period of its appointment. Any agent may be deemed to be an underwriter, as that term is defined in the Securities Act of the securities so offered and sold.

Offers to purchase securities may be solicited directly by us and the sale of those securities may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of those securities. The terms of any sales of this type will be described in the related prospectus supplement.

Underwriters, dealers, agents and remarketing firms may be entitled under relevant agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, that may arise from any untrue statement or alleged untrue statement of a material fact or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the agents, underwriters or dealers may be required to make.

If so indicated in the prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase securities from us pursuant to contracts providing for payments and delivery on a future date. Institutions with which contracts of this type may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases those institutions must be approved by us. The obligations of any purchaser under any contract of this type will be subject to the condition that the purchase of the securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of those contracts.

One or more firms, referred to as “remarketing firms,” may also offer or sell the securities, if the prospectus supplement so indicates, in connection with a remarketing arrangement upon their purchase. Remarketing firms will act as principals for their own accounts or as agents for Ampal or any of its subsidiaries. These remarketing firms will offer or sell the securities in accordance with a redemption or repayment pursuant to the terms of the securities. The prospectus supplement will identify any remarketing firm and the terms of its agreement, if any, with Ampal or any of its subsidiaries and will describe the remarketing firm’s compensation. Remarketing firms may be deemed to be underwriters in connection with the securities they remarket. Remarketing firms may be entitled under agreements that may be entered into with Ampal or any of its subsidiaries to indemnification by Ampal or any of its subsidiaries against certain civil liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for Ampal or any of its subsidiaries in the ordinary course of business.

Disclosure in the prospectus supplement of our use of delayed delivery contracts will include the commission that underwriters and agents soliciting purchases of the securities under delayed contracts will be entitled to receive in addition to the date when we will demand payment and delivery of the securities under the delayed delivery contracts. These delayed delivery contracts will be subject only to the conditions that we describe in the prospectus supplement.

In connection with the offering of securities, persons participating in the offering, such as any underwriters, may purchase and sell securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of bids or purchases for the purpose of preventing or retarding a decline in the market price of the securities, and syndicate short positions involve the sale by underwriters of a greater number of securities than they are required to purchase from any issuer in the offering. Underwriters also may impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers in respect of the securities sold in the offering for their account may be reclaimed by the syndicate if the securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might prevail in the open market, and these activities, if commenced, may be discontinued at any time.

LEGAL MATTERS

Certain legal matters with respect to the validity of the securities offered under this prospectus will be passed upon for us by Bryan Cave LLP, New York, New York.

ENFORCEMENT OF CIVIL LIABILITIES

There is doubt concerning the enforceability of civil liabilities under the Securities Act and the Exchange Act in original actions instituted in Israel. However, subject to specified time limitations, Israeli courts may enforce a United States final executory judgment in a civil matter, including a monetary or compensatory judgment in a non-civil matter, obtained after due process before a court of competent jurisdiction according to the laws of the state in which the judgment is given and the rules of private international law currently prevailing in Israel. The rules of private international law currently prevailing in Israel do not prohibit the enforcement of a judgment by Israeli courts provided that:

- the judgment is enforceable in the state in which it was given;
- adequate service of process has been effected and the defendant has had a reasonable opportunity to present his arguments and evidence;
- the judgment and the enforcement of the judgment are not contrary to the law, public policy, security or sovereignty of the state of Israel;

- the judgment was not obtained by fraud and does not conflict with any other valid judgment in the same matter between the same parties; and
- an action between the same parties in the same matter is not pending in any Israeli court at the time the lawsuit is instituted in the foreign court.

If a foreign judgment is enforced by an Israeli court, it generally will be payable in Israeli currency, which can then be converted into non-Israeli currency and transferred out of Israel. The usual practice in an action before an Israeli court to recover an amount in a non-Israeli currency is for the Israeli court to issue a judgment for the equivalent amount in Israeli currency at the rate of exchange in force on the date of the judgment, but the judgment debtor may make payment in foreign currency. Pending collection, the amount of the judgment of an Israeli court stated in Israeli currency ordinarily will be linked to the Israeli consumer price index plus interest at an annual statutory rate set by Israeli regulations prevailing at the time. Judgment creditors must bear the risk of unfavorable exchange rates.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 722 of the Business Corporation Law of the State of New York (“BCL”), Article EIGHTH of our certificate of incorporation, and Sections 7.1 and 7.2 of our By-laws, provide for the indemnification of our directors and officers in a variety of circumstances, which may include liabilities under the Securities Act of 1933, as amended.

Article EIGHTH of our certificate of incorporation provides that the personal liability of our directors shall be limited to the fullest extent permitted by law, including limitations contained in the provisions of paragraph (b) of Section 402 of the BCL.

Article 7 of our By-laws provide for the indemnification of directors and officers as follows:

7.1. Indemnification of Certain Persons. To the fullest extent permitted by the laws and statutes of the State of New York:

(a) The corporation shall indemnify any person, made, or threatened to be made, a party to an action or proceeding (other than one by or in the right of the corporation to procure a judgment in its favor), whether civil or criminal, including an action by or in the right of any other corporation of any type or kind, domestic of foreign, or any partnership, joint venture, trust, employee benefit plan or other enterprise, which any director or officer of the corporation served in any capacity at the request of the corporation, by reason of the fact that he, his testator or intestate, was a director or officer of the corporation, or served such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity, against judgements, fines, amounts paid in settlement and reasonable expenses, including attorney’s fees actually and necessarily incurred as a result of such action or proceeding, or any appeal therein, if such director or officer acted, in good faith, for a purpose which he reasonably believed to be in, or, in the case of service for any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise, not opposed to, the best interests of the corporation and , in criminal actions or proceedings, in addition, had no reasonable cause to believe that his conduct was unlawful.

(b) The corporation shall indemnify any person made, or threatened to be made, a party to an action by or in the right of the corporation to procure a judgement in its favor by reason of the fact that he, his testator or intestate, is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director or officer of any other corporation of any type or kind, domestic or foreign, or any partnership, joint venture, trust, employee benefit plan or other enterprise, against amounts paid in settlement and reasonable expenses, including attorney's fees, actually and necessarily incurred by him in connection with the defense or settlement of such action, or in connection with an appeal therein, if such director or officer acted, in good faith, for a purpose which he reasonably believed to be in, or, in the case of service for any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise, not opposed to, the best interests of the corporation, except that no indemnification under this paragraph shall be made in respect of (1) a threatened action, or a pending action which is settled or otherwise disposed of, or (2) any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which the action was brought, or if no action was brought, any court of competent jurisdiction, determines upon application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such portion of the settlement amount and expenses as the court deems proper.

7.2. Indemnification for Expenses. Indemnification for expenses incurred in any civil or criminal action or proceeding as authorized under Section 7.1 (a) and (b) may be paid by the corporation in advance of the final disposition of such action or proceeding in the manner authorized by the laws and statutes of the State of New York subject to repayment by the person, his testator or intestate, to the extent the expenses so advanced by the corporation exceed the indemnification to which such person is entitled or if such person is ultimately found not entitled to indemnification under the laws and statutes of the State of New York.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, we have been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
